This before- and after-school recreational enrichment program is offered at numerous Clark County School District elementary schools, and provides a safe environment where children in kindergarten through 5th grade can receive homework assistance, have a nutritious afternoon snack, create arts and crafts projects, play sports and games, and engage in other activities.

The city of Las Vegas Safekey program is proud to partner with the Southern Nevada Health District to include the Coordinated Approach to Child Health (CATCH) Kids Club as a component of our services. The CATCH Kids Club emphasizes fun and is designed to promote behaviors that assist in developing and maintaining health in school-age children.

The CATCH component of Safekey helps support the Mayor's Healthy Lifestyle Initiative, which encourages Las Vegas citizens to *Get Smart, Get Up and Get Out* regarding diet, nutrition, fitness and physical activity.
